BEHAVIORAL HEALTH SERVICES

*Care for the
inner you.*

BETTER TOGETHER

When behavioral, medical, and telehealth services come together in one place, it's much easier and convenient to seek mental guidance or get relief from substance abuse. There are no separate waiting rooms or clinical areas indicating why you're here.

We treat the **whole you** while protecting your privacy so you can get the help you need.

SERVICES

- Alcohol & drug treatment
- Consultations
- Counseling
- Crisis intervention & stabilization
- Genetic testing

Mental health
is *not* a
destination.

It's a *path*
and a *process*.
